Date	Activity	Comment
10/31	P.D. "Stack-Token Communication" done. Deliverable "Capture token" mostly complete.	No further progress can be made before review.
11/3	"Capture a Token" and "Play from Reserve" Fully Dressed complete.	
11/8	Revised "Change Player Settings" complete.	
11/9	Dhruv completes "Capture token" sequence diagram.	Due on 11/4.
11/10	Capture Token Sequences majorly revised after review	By ethan, review by Galib (six days late)
11/9 - 11/11	Galib completes assigned work + reworks or ignores a large portion of Ethan's code.	This caused major spec drift, which galib was warned about.
11/11	Iteration Plan 4 complete, without group input. (See communication log)	Only tentatively filled - input still explicitly requested.
11/11	Second review session, code reviewed 11/10. L.A.D. and "Reserve" Sequence due.	
11/11	Second review session outcome: Dhruv declined to post his 1 item, Galib did not post.	Dhruv may have had Galib review his document, It was suggested
11/12	Minor Release completed by Galib.	situation explicitly discussed with Mark.
