10/13	First pass Fully Dressed "Player Settings"	By Ethan.
10/14	Weekly Review- Fell through. Dhruv/Galib not spotted in class (normal)	Dhruv/Galib did not approach after class, did not go to lab, and did not acknowledge-
		-discord message offering to review online by 10/19. I left lab at 2:00. Which was a short wait.
10/17-10/18	"Multiple Move" Fully Dressed -> "Choose Display Options"	Change made pursuant to feedback. Group members notified, but change is obviously needed
	"Multiple Move" Sequence Diagram -> "Choose Display Options"	See above. Both comments written by Ethan.
10/17-10/18	Revised "Setup a Game" & Fully Dressed "Player Settings" complete.	By Ethan. "Setup a Game" not possible to start in time for Review.
10/22	Group portion of Class Diagram complete.	During review session. Methods, Attributes, Classes complete, not connections
10/22	Review Session- Most work assigned to Galib and Dhruv not complete.	Midterm week + jobs meant it didn't get done. Supplementary review session the 26th.
10/22	Review Session - Galib's "Choose Display Options" was reviewed.	
10/26	Review Session -In person canceled, Galib & Dhruv decide on Discord	
10/26	Review Session -Reasons to revise found. Completion date of most work.	-Some work completed earlier. Meeting: Keeper of this log didn't attend, and can't infer greater detail.
10/28	Review Session - Galib & Dhruv fail to notify of non-attendance. Not held.	In lieu, ethan lays out what needs doing in Discord. Ensuing conversation divvies coding work.
10/29	Completion date of the body of Dhruv & Galib's revised work.	Exact items unknown to the keeper of this log.
